PROFESSIONAL SUMMARY

Aspiring **Full Stack Java Developer** with hands-on internship training in Java, Spring Boot, Hibernate, MySQL, HTML, and CSS. Passionate about building scalable and user-friendly web applications. Strong foundation in both frontend and backend development, with a keen interest in solving real-world problems through software.

EDUCATION

Bachelor of Engineering in Computer Science 2025
Akshaya Institute of Technology, Tumkur (VTU)

Pre-University Course (PUC) 2021
Sri Siddaganga Boys PU College, Tumkur

SKILLS

Programming: Java
Frontend: HTML, CSS, JavaScript (Basics)
Backend: JDBC, Spring Boot, Hibernate
Database: MySQL
Tools: Git, GitHub, VS Code, Eclipse

INTERNSHIP EXPERIENCE

Software Development Intern Feb 2025 - July 2025
TAP Academy *Bangaluru*

- Completed hands-on training in Java, HTML, CSS, Spring, Hibernate, and MySQL.
- Developed modules such as Login, Registration, and CRUD operations
- Implemented database connectivity using JDBC
- Understood end-to-end application flow from frontend UI to backend database

PROJECTS

Food Order Web Application

Technologies: Java, Spring Boot, Hibernate, MySQL, HTML, CSS.

Built a full-stack food ordering system where users can browse restaurants, explore menus, and place orders. Implemented user authentication, order management, and database integration. **GitHub:** <https://shankara-engineer.github.io/food-order-web-application/>

Student Management System

Technologies: Java, JDBC, MySQL.

Developed a console-based application to manage student records using JDBC and MySQL, performing CRUD operations for efficient data management.

INTERESTS

- Solving coding challenges on platforms like HackerRank and LeetCode
- Learning advanced Java concepts and improving backend development skills
